

Online Lecture

Here's your official lecture on the first reading on Evolution. Chapter 4 section 4.1. It serves as lecture 3 of the course. Today your instructor is the author of your textbook, Dr. Malcolm Campbell. If you feel a little bit alone, enjoy the sights and sounds of being in his class.

Oh, and feel free to increase the playback speed up to 1.25x or 1.5x. This video is also available on YouTube if you'd like to just watch it there instead of embedded in TopHat ->
